

Following-up from the Great Festival of Pentecost in which we experienced the power of the Spirit in different ways in our parishes, for this Year of Mission, we are proposing a time for reflection/retreat with a difference for all to enjoy.

Given the busy-ness of peoples' lives and so many commitments, we are looking at a different way to provide the time and space that so many people seek and need today. We realise that these times take place during a holiday period and that some may not be able to do all the mornings, so while this series makes a whole, each will have a different theme yet follows a similar pattern.

Reading the signs of the times in the light of faith, we are discovering afresh how we are becoming

**A People empowered with gifts of Grace
A People of Hope for the world today
A Pilgrim People on the March
A People who seek to Serve
A People of Action and Contemplation**
